

LOCALS TOAST VICTORY!

Community advocate Lourdes Ramirez received word on 8/20/23 that Sarasota Judge Hunter Carroll decided **in her favor** in the mega-hotel lawsuit. This victory affirms that the 1989 Comprehensive Plan governing development on Siesta Key cannot be “reinterpreted”.

The Ramirez legal team awaits clarification on how **this significant win** will alter the three different high-rise hotels that were approved in 2021 by our County Commissioners.

Let’s take the opportunity to **celebrate a citizen victory** and acknowledge those who fought on our behalf. They were tireless! But they can’t do it alone. They need our support and help.
